PRODUCT AND SERVICES AGREEMENT
FOR DIRECT PURCHASES**

PLEASE READ CAREFULLY

THIS VIRTUAL INSTRUMENTS PRODUCT AND SERVICES AGREEMENT FOR DIRECT PURCHASES (“AGREEMENT”) IS ENTERED INTO BETWEEN VIRTUAL INSTRUMENTS CORPORATION (“VIRTUAL INSTRUMENTS”) AND THE PARTY IDENTIFIED ON THE QUOTE WHICH REFERENCES THIS AGREEMENT (“CUSTOMER”).

This Agreement was last updated on March 31, 2014.

1. **Purpose of Agreement.** This Agreement states the terms and conditions under which Virtual Instruments agrees to supply to Customer: (i) hardware and software products made generally-available by Virtual Instruments and its licensors (“Products”); (ii) maintenance and support services (“Support Services”); and (iii) training, consulting or other services (“Professional Services”), as each may be identified on a Quote or other binding document referencing this Agreement.
2. **Quote and Order Acceptance.** The specific Products, Support Services and/or Professional Services that Virtual Instruments will provide to Customer will be described in a quote issued by Virtual Instruments (“Quote”) as such are reflected in a corresponding purchase order submitted by Customer that has been accepted by Virtual Instruments (“Order”). Virtual Instruments may accept or reject an Order in its sole discretion. Each Order shall reflect terms the terms of the Quote without contradiction and Virtual Instruments rejects any terms, conditions or provisions contained in any Order or any other communication issued to Virtual Instruments in connection with a Quote that omit or are additional to or inconsistent with the terms of this Agreement or the Quote. If Customer’s Order is deemed an offer, acceptance of the Order by Virtual Instruments is expressly limited to the terms and conditions of this Agreement, to the exclusion of any supplemental or conflicting terms in the Order other than Product or Service quantities, prices, or shipping address. This Agreement shall apply except to the extent a Product, Support Services or Professional Services is the subject of a binding separate agreement, in which case the terms of such separate agreement shall govern over any conflict with the terms of this Agreement. Upon acceptance by Virtual Instruments of the Order, Customer’s obligation to purchase the Products, Support Services or Professional Services on such Order is non-cancelable and payment is non-refundable except as otherwise expressly set forth herein.
3. **Delivery of Product.** Virtual Instruments delivers software Products electronically. Except for Products delivered electronically, Virtual Instruments will ship all other Products F.O.B. Virtual Instruments’ shipping facility per UCC, or ExWorks Virtual Instruments’ place of production or shipment per INCOTERMS 2010, for international shipments. Unless specifically agreed in writing, all shipments shall be to the same ship to address on the Quote. Title and risk of loss or damage in hardware Products and software media passes from Virtual Instruments to Customer upon the tender of shipment to Customer’s carrier at Virtual Instruments’ dock. Customer shall pay all shipping charges, insurance, forwarding and brokerage fees, import or export duties and taxes required. Virtual Instruments may allocate production and deliveries in its sole and reasonable discretion in the event of a shortage of Products. Shipping dates are approximate only. Virtual Instruments shall not be liable for any damage, loss, or expense incurred by Customer if Virtual Instruments fails to meet a specified shipping date.
4. **Fees and Payment Terms.**
 - 4.1. **Prices; Currency.** Customer shall pay Virtual Instruments the prices set forth on each accepted Order as reflected in one or more invoices, and shall also pay or reimburse Virtual Instruments for all related taxes or withholdings, except for those taxes based on Virtual Instruments’ net income. Payment shall be in the currency invoiced by Virtual Instruments without any adjustments.
 - 4.2. **Payment Terms.** All fees are due and payable within thirty (30) days of the date of Virtual Instruments’ invoice.
 - 4.3. **Support Services Fees.** Fees for Support Services are annual and are due and payable in full in advance of the purchased Support Services period. First year Support Services fees are thereafter renewable at the Customer’s discretion; provided, however, that back-payment of fees for the period of lapsed Support Services may be due in Virtual Instruments’ discretion as a condition to reinstating discontinued Support Services. If Customer purchases multiple-year, pre-paid Support Services, Customer or Virtual Instruments may cancel the upcoming annual Support Services period at any time, with or without cause, by providing written notice to the other party. Virtual Instruments will in such case cease to provide Support Services as of the effective date of termination, and will refund to Customer any unused, prepaid Support Services fees.
 - 4.4. **Professional Services Fees.** Fees for Professional Services shall be invoiced either (i) upon placement of an Order for prepaid Professional Services, or (ii) upon completion of the Professional Services if such are provided on a time and materials basis, or (iii) as otherwise stated in a statement of work or other mutually executed statement of work. Customer shall be responsible for reasonable actual and documented travel expenses incurred by Virtual Instruments in connection with performing Professional Services at Customer’s site, unless otherwise agreed to by the parties in writing, or as set forth in a Description of Service Supplement (as defined in Section 5 below).
 - 4.5. **Payment Default.** If Customer fails to make any payment when due, Virtual Instruments reserves the right to suspend or cancel performance under any or all Orders under which Virtual Instruments has extended credit to Customer or pursue any other remedy available to Virtual Instruments. Customer will pay Virtual Instruments interest on any payments not received when due at the rate of 1.5% per month or the maximum rate allowed by law, whichever is greater.
 - 4.6. **Financing Arrangements.** Notwithstanding anything to the contrary herein, Customer may utilize the Products pursuant to a financing arrangement whereby the Customer finances the purchase of a Product from a third party. Customer’s obligation to pay fees hereunder shall not be contingent upon any such financing arrangement which Customer may enter into with a

third party; provided, however, that a failure on the part of any financing company to issue payment to Virtual Instruments on behalf of Customer shall constitute a material breach by Customer of the terms hereof entitling Virtual Instruments to assert all available remedies hereunder, including the right to suspend or terminate Customer's license to use such Product until Virtual Instruments receives payment in full. Customer shall ensure that any financing arrangement pertaining to Software shall not result in the transfer of possession of or license rights in the Software granted to Customer under this Agreement to Customer's financing provider and any such transfer is null and void under this Agreement.

5. **Support Services.** Subject to Customer's compliance with the terms of this Agreement, including annual advance payment of all applicable Support Services fees, Virtual Instruments will provide Customer the then-current standard Support Services purchased by Customer, available at the URL http://www.virtualinstruments.com/corporate_info ("Maintenance and Support Services Supplement"), which is hereby incorporated to this Agreement by this reference. Virtual Instruments may from time to time update the Maintenance and Support Services Supplement. Virtual Instruments shall use reasonable efforts to inform Customer of updates to the Maintenance and Support Services Supplement in accordance with its notification procedures employed generally for all customers. Changes to the Maintenance and Support Services Supplement shall be binding against Customer solely on a go-forward basis provided Customer accepts a Quote or consents to another Virtual Instruments'-issued document which references such modified terms. Customer's sole and exclusive remedy if it disagrees with a change to the Maintenance and Support Services Supplement is to refrain from renewing Support Services through Virtual Instruments.
6. **Professional Services.** Virtual Instruments shall provide Professional Services either (i) as described in Virtual Instruments' standard service documents and supplemental training services terms and conditions ("Description of Service Documents") available at the URL http://www.virtualinstruments.com/corporate_info, which are hereby incorporated to this Agreement by this reference, as each may be referenced on a Quote; or (ii) pursuant to a custom statement of work signed by each party that details the specific Professional Services and deliverables to be provided to Customer for the specific project.
7. **Intellectual Property.**
- 7.1. **Software License.** Upon shipment to Customer, Virtual Instruments grants to Customer a nonexclusive, nontransferable, license to use the object code version of the software that is delivered either with the hardware Products or as a standalone Product, and any accompanying documentation ("Documentation"), for Customer's internal business use only, during the period of use noted on the applicable Quote referenced in the Order accepted by Virtual Instruments ("Use Period"). The Use Period may be either perpetual or term-based. Customer shall use the software Products strictly in accordance with (i) the capacity and units of measure identified on the Quote referenced in the Order accepted by Virtual Instruments and defined in the product use rights supplement available at the URL: http://www.virtualinstruments.com/corporate_info, which is hereby incorporated to this Agreement by this reference ("Product Use Rights Supplement"); (ii) any supplementary terms of use set forth on a or a separate written agreement signed by both parties; and (iii) the Documentation.

- 7.2. **Firmware License.** Hardware Products may include pre-installed or embedded software programming and/or microcode (collectively "Firmware"). Virtual Instruments licenses the use of Firmware at no separate charge, provided Customer may only use Firmware together with any hardware or device(s) Product with which the Firmware was licensed and provided. Customer may not extract or copy Firmware embedded in hardware devices or components for any reason.
- 7.3. **Hardware Products.** In addition to Firmware, hardware Products contain technology that may subject to pending or existing patents and other forms of industrial or other forms of intellectual property recognized under applicable law ("Hardware IP"). The sale of a unit of hardware Product does not entail or imply either the sale or conveyance to Customer or any third party in any Hardware IP or any independent license to exercise the Hardware IP in any manner other than that strictly necessary to use the hardware Products for Customer's internal business use.
- 7.4. **Evaluation Products.** From time to time, Customer may wish to evaluate the Products prior to purchase or it may wish to test and provide feedback regarding pre-release versions of the Products at Virtual Instruments' request (in either case, an "Evaluation Product"). Upon shipment to Customer, Virtual Instruments grants to Customer a nonexclusive, revocable, limited term, and non-transferable license to use the Evaluation Products for Customer's internal, non-production evaluation purposes only, for a period of thirty (30) days from shipment, unless a longer period is agreed to by Virtual Instruments. If any hardware Evaluation Products are not timely returned to Virtual Instruments, Customer shall purchase such Evaluation Products at the then-current list prices to be payable within thirty (30) days of the Virtual Instruments invoice date. Customer shall be responsible for loss of or damage to hardware Evaluation Products while in Customer's possession, normal wear and tear excepted. Customer must uninstall and delete any copies of standalone software Evaluation Products provided at the end of the Evaluation Period, unless otherwise instructed in writing by Virtual Instruments. Virtual Instruments does not commit, guarantee, promise, or agree to finally release and/or offer for sale the Evaluation Product. EVALUATION PRODUCTS ARE PROVIDED EXCLUSIVELY ON AN "AS IS" BASIS WITHOUT WARRANTIES, SUPPORT SERVICES, PROFESSIONAL SERVICES OR INDEMNITIES OF ANY KIND.
- 7.5. **Restrictions.** All licenses granted under this Section 7 are subject to Customer's ongoing compliance with this Agreement. The licenses granted exclude the right of Customer to modify, make, copy, perform, create derivative works of the Products, or resell, commercially exploit, distribute the Products, or for any service bureau, time-share, subscription rental, or other use by third parties for which Customer receives compensation. Customer understands and agrees that Virtual Instruments and its licensors grant only those rights expressly set forth in this Agreement. Virtual Instruments and its licensors reserve any and all rights not expressly granted to the Customer under this Agreement. Customer shall not reverse engineer, decompile, disassemble, or otherwise attempt to ascertain the source code or design for the Product. Customer shall be liable for any acts or omissions constituting a breach of this Agreement or violation of Virtual Instruments' intellectual property rights by any third parties authorized by Customer to access and use the Products on Customer's behalf. Unless agreed to by Virtual Instruments in writing, Customer may not transfer any licenses to software Products to any third party, but Customer may authorize its

outsourcing service providers to use the Products on Customer's behalf provided: (i) Customer informs Virtual Instruments in writing of such outsourced use, and (ii) the outsourced service provider agrees in writing to use the Product solely on behalf of Customer and in compliance with all terms of this Agreement.

7.6. Ownership. Virtual Instruments and its licensors retain all right, title and interest in and to all software Products, Evaluation Products, Hardware IP, Confidential Information, Documentation, and any improved, updated, modified, or additional versions of the foregoing. Virtual Instruments does not acquire any right, title or interest in any Confidential Information (as defined below) owned or supplied by Customer. Virtual Instruments retains all right, title and interest in and to any deliverable supplied by Virtual Instruments in the course of performing Professional Services that constitutes a modification, enhancement or new feature of a Product or Evaluation Product; provided, however, that upon payment of the applicable Professional Services fees, Virtual Instruments grants to Customer a non-exclusive, worldwide license to use such deliverable during the pertinent Use Period within the scope of the license to the underlying Product to which the deliverable pertains for so long as this Agreement is in effect. Virtual Instruments shall have a royalty-free, worldwide, transferable, sublicenseable, irrevocable, perpetual license to use or incorporate into the Products and/or Services any suggestions, enhancement requests, recommendations or other feedback provided by Customers relating to the Products or the Services, provided that Virtual Instruments shall never identify Customer as the source of such feedback or suggestions.

8. Confidentiality.

8.1. Definition. "Confidential Information" means proprietary and confidential information that the employees, agents, officers, or contractors of one party ("Disclosing Party") supply to the other party's employees, agents, officers, or contractors ("Receiving Party") hereunder. 8.2. Exclusions. Confidential Information does not include information that is (i) rightfully in the receiving party's possession without obligation of confidentiality prior to receipt from the disclosing party, (ii) a matter of public knowledge through no fault of the receiving party, (iii) rightfully furnished to the receiving party by a third party without restriction on

disclosure or use; or (iv) independently developed by the receiving party without use of or reference to the disclosing party's Confidential Information.

8.3. Obligation to Maintain Confidence. The Receiving Party shall use Confidential Information of the Disclosing Party only for the purposes of exercising rights or performing obligations in connection with this Agreement, and use at least reasonable care to protect the Disclosing Party's Confidential Information from disclosure to any third parties. If disclosure is required by law, such disclosure shall not constitute a breach of this Agreement provided the Receiving Party gives the Disclosing Party reasonable advance notice to enable the Disclosing Party to seek appropriate protection of the Confidential Information.

9. Warranties; Disclaimers.

9.1. Product Warranty. Virtual Instruments warrants to Customer that, commencing on the date of shipment, and for a period of (a) ninety (90) days with respect to software Products, and (b) one (1) year from with respect to hardware Products, the Products will substantially conform to the Documentation for such Products. The foregoing warranty does not apply to Evaluation Products, Products supplied as part of Support Services, or Products that have been damaged, mishandled, mistreated, used, maintained or stored other than in conformity with this Agreement or the Documentation and instructions. Customer's sole and exclusive remedy for any breach of the foregoing warranty shall be, at Virtual Instruments' option, to repair or replace the non-conforming Product with a conforming Product, or refund fees received by Virtual Instruments for the non-conforming Product. Virtual Instruments shall have a reasonable time to make repairs or issue a replacement, and such repaired or replaced Products shall be warranted for the remainder of the original warranty period. The warranty remedies in this Section require that: (i) Customer reports the non-conformity during the warranty period; and (ii) Virtual Instruments issues a "Return Materials Authorization" ("RMA") for the non-conforming Product in accordance with the RMA procedures set forth in the Support Services Supplement, and (iii) Customer returns such Products during the applicable warranty period to Virtual Instruments in accordance with Virtual Instruments' return instructions.

9.2. Services Warranty. Virtual Instruments warrants to Customer that Support Services and Professional Services delivered by Virtual Instruments to Customer shall be performed in a professional and workmanlike manner in accordance with applicable industry standards and laws applicable to Virtual Instrument in the performance thereof. Customer's sole and exclusive remedy for any breach of the foregoing warranty shall be for Customer to report the non-conformity no later than thirty (30) days following performance of the Professional Service or Support Service, and permit Virtual Instruments' to either re-perform the non-conforming Services at no additional charge to Customer within a reasonable time or refund fees received by Virtual Instruments for the non-conforming Support Services or Professional Services, as applicable.

9.3. Disclaimer. Customer acknowledges and agrees that Virtual Instruments assumes no liability in connection with: (i) the operation of the Customer's SAN; (ii) incomplete, inaccurate, outdated or unavailable SAN performance data caused by faulty SAN components or improperly installed SAN components monitored by use of the Products; (iii) Product errors or malfunctions, or the unavailability of SAN monitoring data resulting from improper Product installation or configuration by any party other than Virtual Instruments. Customer acknowledges and agrees that Customer has not

relied and will not rely on the availability of any future version of a Product or any future Product in executing this Agreement or making any purchases under this Agreement. EXCEPT AS EXPRESSLY WARRANTED IN THIS SECTION, VIRTUAL INSTRUMENTS MAKES NO OTHER WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES CONCERNING THE PERFORMANCE OF CUSTOMER'S STORAGE AREA NETWORK, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS.

- 10. Indemnification.** Virtual Instruments shall defend Customer against any third party claim that a Product, Support Service, Professional Service or deliverable infringe such party's patent or copyright enforceable in a country signatory to the Berne Convention, and pay the resulting costs and damages finally awarded against Customer by a court of competent jurisdiction or the amounts in a written settlement signed by Virtual Instruments. The foregoing obligations are subject to Customer's obligation to (i) notify Virtual Instruments promptly in writing of such claim, (ii) grant Virtual Instruments sole control over the defense and settlement thereof, (iii) reasonably cooperate in response to a Virtual Instruments request for assistance, and (iv) comply with the terms of this Agreement. Should any such Product, Support Service, Professional Service or deliverable become, or in Virtual Instruments' opinion be likely to become, the subject of such a claim, Virtual Instruments may, at its option and expense, (a) procure for Customer the right to make continued use thereof, (b) replace or modify such so that it becomes non-infringing, (c) request return of the Product or deliverable and, upon receipt thereof, refund the price paid by Customer, less straight-line depreciation based on a five year useful life, or (d) discontinue the Support Service or Professional Service and refund the portion of any pre-paid Service fee that corresponds to the period of Service discontinuation. Virtual Instruments shall have no liability under this Section to the extent that the alleged infringement arises out of or relates to: (1) the use or combination of a Product or deliverable with third party products or services not supplied by Virtual Instruments, (2) use for a purpose or in a manner for which the Product or deliverable was not designed, supplied, or licensed, (3) any modification to a Product or deliverable made by anyone other than Virtual Instruments or its authorized representatives, (4) any modifications to a Product or deliverable made by Virtual Instruments pursuant to Customer's specific instructions, (5) any Evaluation Products, or (6) ongoing use of the infringing version of a Product or deliverable when use of a non-infringing version made available to Customer for purposes of avoiding such infringement would have avoided the infringement. THIS SECTION STATES CUSTOMER'S SOLE AND EXCLUSIVE REMEDY AND VIRTUAL INSTRUMENTS' ENTIRE LIABILITY FOR THIRD PARTY INFRINGEMENT CLAIMS.
- 11. LIMITATION OF LIABILITY.** EXCEPT FOR A VIOLATION OF VIRTUAL INSTRUMENTS' INTELLECTUAL PROPERTY RIGHTS SUPPLIED UNDER THIS AGREEMENT, A VIOLATION BY EITHER PARTY OF THE CONFIDENTIALITY OBLIGATIONS UNDER SECTION 8, OR DEATH OR PERSONAL INJURY CAUSED BY A PARTY, TO THE MAXIMUM EXTENT PERMISSIBLE UNDER APPLICABLE LAW:

- 12. Termination.** Either party may terminate this Agreement upon written notice to the other party for any material breach that is not cured within thirty (30) days following written notice to the breaching party. Customer may terminate this Agreement for any reason or no reason by providing written notice to Virtual Instruments, provided, however, that such termination shall not entitle Customer to any refund of fees paid or owing at the time of termination. Upon termination of this Agreement, all licenses to use software Products and any associated Professional Services deliverables shall terminate. The following Sections shall survive in accordance with their terms: Sections 4 ("Fees and Payment Terms") but only with respect to outstanding payments due Virtual Instruments, 7.5 ("Restrictions"), 7.6 ("Ownership"), 8 ("Confidentiality"), 9.4 ("Disclaimer"), 11 ("Limitation of Liability"), 11 ("Termination"), 13 ("Legal Compliance") and 14 ("General") shall survive the termination of this Agreement.
